Chairman, Fine Arts

COMMISSION

SUBJECT: Appreciation for Efforts on Behalf of the
Fine Arts Commission

STAT

[REDACTED]

1. It was disappointing to receive your message that your efforts to bring the Young Dancers of the Washington School of Ballet to CIA for a performance have not succeeded. I can appreciate, of course, why the stage in the Auditorium would pose a major problem for dancers. Indeed, I believe we discussed that potential difficulty when you first suggested the program. Still, it is a shame it couldn't be overcome.

2. I want you to know that the members of the FAC deeply appreciate your efforts to add a new dimension to our program. We remain open to suggestions of this kind, and at least, as a result of your initiative, now have performing arts as a recognized (if as yet unfulfilled) part of our FAC charter.

Again, thanks.
